EUROVAC WET MIX DOWNDRAFT TABLES

Eurovac Wet Mix Downdraft Tables offer a hands-free method of capturing dangerous dust from the technicians' workplace and is code compliant.

This unit uses an effective water-based filtration process to safely capture combustible dusts (such as aluminum, titanium, and magnesium) at the source to ensure a clean and safe workplace. Dust and sparks are drawn directly into a water bath, where they are instantly trapped and extinguished. This prevents hazardous particles from entering the breathing zone or creating a fire risk in the facility.

Controls:

2 Position System Control Selector Switch (Local/Remote), Overload Protection, Run/Water/Fault Lights, 24VDC Power Supply, Automatic Water Fill, Low and High Differential Pressure Switches, Proximity Sensor for Static Water Level and Magnahelic Gauge (dirty filter indicator)

Technical Data:

Model Number	DDW-2X3-F4603000	DDW-3X4-F4603000	DDW-3X6-F4603000	DDW-3X8-F4603000
Table Size	2.5' x 3'	3' x 4'	3' x 6'	3' x 8'
HP	3	5	10	15
Water Fill	Manual	Auto	Auto	Auto
Capture Velocity (FPM)	380	380	380	380
CFM	2000	3000	5000	6500
Water Capacity (gallons)	25	33	50	66
Voltage	208, 240, 460, 575			
Hz	3 PH 60 Hz*			

**50 Hz available upon request*

Features:

- High performance suction consistent across the entire table surface
- Heavy duty construction designed to last
- Engineered to meet NFPA guidelines for handling combustible metal dusts
- Includes exhaust silencer for quiet operation
- Optional upgrades include side and back walls, light kit, rubber matted surface protection and HEPA after filter.

Applications:

Sanding

Grinding

Dust extraction solutions for every need and budget
